

# 86K FOR A CURE

Empower your organisation  
to move with purpose this  
March

Conquer 86km for the 86  
children diagnosed with  
cancer every month in  
Australia.

# 86K FOR A CURE

## Contents

1. What is 86K for a Cure and how is it making an impact
2. Why get involved – benefits to both your team and your wider organisation
3. Getting set-up and fundraising support- it's a quick and easy process

Join us in turning movement into meaningful impact

# 86K FOR A CURE

**In recognition of the 86 children diagnosed  
with cancer every month in Australia  
2026 marks 5 years of 86K for a Cure**

Children's Cancer Institute **exists solely to put an end to childhood cancer** and 86K helps fund our critical research.

Despite significant improvements in survival rates, thanks to research, **there is still more work to be done**:

- Cancer devastatingly kills three children every week in Australia – more than any other disease.
- 70% of children who survive suffer long-term effects from their treatment.

# 86K FOR A CURE

## Conquer 86km this March

You can walk, run, swim, cycle, roll or even make your own '86' challenge.

Create some friendly rivalry between departments – who will get to the top of the leaderboard?

## Increase staff engagement

Invite your organisation to come together and take part in something exciting and ultimately life-changing.

Great engagement opportunity from both participating AND fundraising – you could even host your own office fundraiser.

## Improve employee wellbeing

Physical exercise is so important to staying happy, healthy and positive - plus it is proven to increase productivity.

Use office days as an opportunity for team "training" over lunch and share those selfies on socials.

### \*TOP STAFF ENGAGEMENT TIP\* Employee Donation Matching

Why not introduce an employee donation matching program and match every donation your team makes – this shows both your commitment to the cause and to staff.

# 86K FOR A CURE

Plus, there are benefits for your wider organisation  
Impact is far reaching

- **Demonstrate CSR Leadership-** Champion a cause that resonates deeply with every Australian household.
- **Charity Champion opportunity-** Nominated “Charity Champions” would be provided with an opportunity to engage in a stretch leadership opportunity – provided training on how to mobilise workforce and generate positive organisational culture.
- **Join over 200 others who have taken part so far-** including Nexion, Brickworks, Steggles and many more leading organisations.
- **Be part of 86K's growing success-** In 2025 we raised over \$2.4m with 8,000 participants registered. 2026 will mark our 5<sup>th</sup> year, with a fundraising target of \$2.8m!

Together, we can make 2026 our most impactful year yet.

# 86K FOR A CURE

It's a simple process to get your teams set-up

Stress free registration and fundraising, with personalised support

## 1. Sign up

Nominate a charity champion, register your workplace, and set a team target.

## 2. Share

Invite your colleagues to join your team and encourage some healthy competition.

## 3. Fundraise

Employees will share their challenge with their networks to raise funds.

## 4. Conquer

Track every km in your online dashboard and show kids with cancer they're not alone.

# 86K FOR A CURE

We'd love 86k for a Cure to become an annual highlight in your calendar...

- ✓ FREE to register
- ✓ Full suite of fundraising and marketing resources and personal dashboards
- ✓ Leaderboards to help build friendly rivalry
- ✓ Emotive and impactful comms
- ✓ Dedicated Account Manager
- ✓ Virtual training for Charity Champions
- ✓ T-shirts for all team members once they've raised \$86 – great for photos and videos!

Full suite of fundraising resources & dashboard  
Plus, training for those who need it

I'M CONQUERING  
86KM  
FOR KIDS  
WITH CANCER

SUPPORT MY  
86KM WALK  
FOR KIDS  
WITH CANCER

LET'S PUT  
AN END TO  
CHILDHOOD  
CANCER

I'VE COMPLETED  
86KM

86K FOR  
A CURE

TOGETHER  
WE CAN CURE  
CHILDHOOD  
CANCER
